

SHARE HOPE.

January and February Harbor of Hope Outreach

It is getting cold outside! Harbor will partner with The Wish Project in January. We will be collecting new or slightly used blankets and coats, and new socks. You can drop your items off in the Harbor of Hope parking lot on **Saturday, January 9th from 10 am to 12 pm.**

Learn more about what The Wish Project's work [Here](#). We are thankful for how they continue to serve the community of Lowell and surrounding towns. They help bring hope and a fresh start to their clients.

Movie Night

Stay tuned! Harbor will have a movie discussion night in February. Everyone can watch a predetermined movie on their own and we will discuss as a group racism in America and our role in the fight for equality. It is easy to become complacent when a topic is no longer front page news....as a community we must commit to keeping this conversation and movement on our hearts and minds.

Living Waters

We will be collecting snack and hygiene kits for the homeless population served by Living Waters in Lowell in February. Kits can be dropped off in the Harbor of Hope parking lot. Date TBD. Get your kids involved and include an encouraging Valentine's note.

Living Waters continues to serve those in need in Lowell, providing a space for community and working to meet individuals' physical, spiritual and emotional needs. We are thankful for their work and that they continue to make connections despite things looking differently during Covid. Learn more about what they do [HERE](#).
