Intro: The Needs of the Time

1. Exiles, Stay Put

Big Idea: While we're far from Home, God wants us to help our community flourish!

2. Seek The Welfare of the City

3. Pray for the City

Reflection Questions:

1. *Have you struggled with God's message to plant yourself where He has put you? To be fully engaged in the world where you are, even as we long for Heaven?*
2. *Have you allowed the needs of our city to weigh on your heart? What needs of Greater Lowell are particularly close to your heart? How might God use you to meet "the needs of the time?"*
3. *What are some ways you can be praying for Greater Lowell? Maybe you can drive to your child's school and pray for their school, for all the students and teachers? Maybe you can take a prayer walk and pray for the city? How will you pray for Greater Lowell this week?*
